Long discussion about whether to support zoning. Mo, Mary and Hala from Hav Civ attended many zoning meetings over the last year. They felt in general that the new zoning code was well thought out and solid legislature and should be passed.

- Mary concerned about wording of zoning regarding car dealerships bordering residential property. Hav Civic agreed that if Chris Leswig and township can give her a guarantee about interpretation of this wording or change the wording Hav will uphold the vote to go forward with zoning and say *no to Federation* to postpone vote.
